Briefly state the reason you wish to attend Florida Bible Institute (FBI) _____

I understand that:

FBI uses Berean School of the Bible adult continuing education level courses. These courses will not transfer to most colleges for degree level credits.

While FBI does provide Bible and ministerial training it does not issue ministerial credentials. Application for and granting of credentials with the Assemblies of God are handled only by the District Office of the Assemblies of God in the district of residence.

Classroom attendance is required. If more than one fourth of class sessions are missed the course may not be considered as a *FBI completed* course but rather as an independent study completed course.

Mentoring is a vital and essential part of the FBI program and that I must establish a mentoring relationship with my pastor or someone approved by my pastor. A Mentor Evaluation & Report Form must be turned in with the completion of each school term/course. Courses completed without submission of the Mentor Evaluation & Report Form may not be considered as FBI completed courses but will be considered as an independent study course.

At least seventy-five percent of courses required for FBI diploma must be a *FBI completed course*.
